

WRF Planning Grant Application Form

Program Title
Please provide a title for the program you are requesting a planning grant for. The title may be made public if the planning grant is funded by WRF.

General Information	
Application lead investigator	
Email Address	
Phone Number	
Lead institution	
Co-investigators and institutions involved in planning process	
Total funds requested (up to \$200K)	
Anticipated end date of planning grant	

Statement of Purpose and Impact
Please provide a brief summary of the program you are requesting planning funds for and its intended impact on the life-science innovation ecosystem in Washington.

Problem Statement

Outline the problem that this program is seeking to address. Frame your response in the context of specific needs or gaps that you have identified, which are not served by other programs that already exist.

Program Scope

Describe the institutions, partners, and collaborators that you will engage during the planning process and what role they will play in the program you are developing.

Use of Planning Funds

Please provide details of how the planning funds will be used and the activities you will undertake to develop the final proposal for the program. Include your anticipated timeline for using the planning funds and submitting the final proposal.

Program Description continued

Final Program Outcomes

Describe specific and tangible outcomes that you expect to achieve if the program you are seeking to develop is funded. Outcomes might include:

- Commercial and translational outcomes - Anticipated development of IP, licenses, startup company formation
- Educational and training outcomes – Student and scholar training related to research, career development, business development, etc.
- Diversity, equity, and inclusion outcomes – Impact of program on fostering a diverse and equitable innovation ecosystem

Budget

Please provide a budget for the use of funds during the planning process.

Additional Information

Please provide any additional information that may be helpful in WRF's evaluation of your planning grant application. If separate documents are being submitted, please list the documents here.
